Worker's Compensation Applies 7% Fee Schedule Reduction

The Worker's Compensation Oversight Panel voted to accept the recommendation of the Fee Schedule Subcommittee for a uniform 7 percent reduction below the current fee schedule to be applied to every health care code and service other than anesthesia. All applicable anesthesia codes will be reduced by 27 percent to bring those codes in line with the current reduction as well as the 20 percent reduction that was implemented in the January 2015 fee schedule.
